

## VERDICT LIKELY IN MURDER CASE BEFORE EVENING

Jury Which Heard Buchanan  
Tried for Killing His Wife  
Adjourns for Lunch

A verdict was expected late this morning in the case of Eugene Buchanan, corporal in Company H, 25th Infantry, charged with second degree murder.

Arguments were completed this morning and the case went to the jury shortly after 12 o'clock. At 1:05 o'clock the jury expressed a desire to go to lunch. The members returned at 2 o'clock and continued their deliberation.

The indictment returned by the territorial grand jury against Buchanan alleged that on the morning of October 25 he shot and killed his wife, Laura Buchanan, at their home in Kukui street. The defense argued that the shooting was accidental; that the gun had exploded after Buchanan had seized it to defend himself against one Bert Palmer, a colored soldier, whom Buchanan discovered in his house earlier in the morning. Both Buchanan and his wife resided for the night at the same time and, in the struggle for its possession, the weapon was discharged, causing the death of Mrs. Buchanan, alleged the defense.

Buchanan was defended by Capt. R. K. Staines, judge advocate, Hawaiian Department, U. S. A.; 2d Lieut. M. A. Feltz, 25th Infantry; 1st Lieut. L. L. Crystal, 25th Infantry, and Attorney William T. Rawlins. City Attorney Brown conducted the prosecution.

City Attorney Brown today paid a tribute to Capt. Staines when he said: "He is one of the fairest men I have ever worked with."

The jury in the case consisted of W. K. Rens, E. F. Aguilar, A. N. Ostrom, G. C. Wright, E. L. Eaton, Sam Nounu, A. W. Howe, W. K. Hutchison, F. E. Colby, H. E. Spicer, W. M. Buchanan and A. K. Smythe.

At 5:30 o'clock today the jury in the Buchanan murder case returned to the court room and asked for further instructions.

## ADMITTS SCRAP, BUT DENIES SHE STABBED WOMAN

So small that she can sit on a chair with her feet on the lower rung without looking up and that when she stands in the witness box she can barely look over the rail, which is waist high to an ordinary man, Felicia Reyes did not look dangerous; but according to Mrs. Christine Pacifico, police charged her about the house yesterday and stabbed her in the hand with a knife.

Mrs. Reyes was dressed in a gaudy checked red skirt, yellow waist with puffy sleeves, and the black scarf that all Filipinos wear, and was picturesque. She said that Mrs. Pacifico had told stories about her and they had fought, but she denied stabbing the woman. Her husband also testified that Mrs. Reyes used a knife. But as Mrs. Pacifico showed a knife wound in her hand, she wanted to tell the time her husband can get the money to pay her fine.

## WOMAN REFUSES OPERATION

Tells How She Was Saved  
by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."—Mrs. J. M. Rensch, 1900 West Broadway, Louisville, Ky.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (Confidential) Lynn, Mass. Your letter will be opened, read, and answered by a woman and held in strict confidence.

on the medical discoveries which are now being made so rapidly. It is also the purpose of the association to act in a social way, especially in entertaining distinguished medical visitors who come to Honolulu.

Col. Ebert said at the meeting that he believes the physicians can, by holding meetings and engaging in discussion, be of great help to each other. "There are so many medical publications which come to us and they contain such a mass of matter that no one of us can possibly read all of them. But if we were to meet at regular intervals and each one discuss briefly some article he had read or take up some subject of which he is making special study we would all be helped. In this manner we might get in concise form all the information in the article which the speaker discusses and at the same time get his views and the views of any others present who want to speak on the value of the article and the truth or fallacy of its statements.

Routine Work is Heavy. "Surgeons in the service and public health officers are busy men and many of them have a great deal of routine work to attend to which occupies their time and makes it hard for them to keep up their studies. Yet in the service a high standard is required and on every promotion medical officers must take an examination with the exception of promotion from lieutenant-colonel to colonel.

"The necessity of these examinations makes it imperative that service physicians shall keep posted on all their previous work and shall be familiar with every new discovery so that they are pushed to time to do their work and continue their studies. "I believe we can each greatly help the other by these meetings and that the summaries of medical articles and talks on new theories will be of great help to service physicians."

Col. Ebert hopes to make the new association a success and other officers will cooperate with him in the work, there having been much interest displayed at the meeting yesterday.

## SEASIDE DANCE SATURDAY NIGHT

The next of the popular dances at the Seaside Hotel will be held tomorrow evening as usual. Tourists, army and navy officers and their ladies, as well as local society people are all invited.—Adv.

PETERS GIVES SECOND TALK ON "IDEA OF GOD"

David Cary Peters talked to a large crowd this noon at the Y. M. C. A. on "The Logos." This is the second of the talks given by Mr. Peters on "Ideas of God." Mr. Peters said that "logos" was originally translated as meaning a word, but contended that the interpretation of the word meant an object representing the completion of an idea. He said that Christ was the logos of God, meaning that Christ was God's ideal of a man. Mr. Peters' next talk will be on "Who Jesus Christ is."

## AGED RESIDENT DIES WHILE ON WAY TO HOSPITAL

In the police ambulance on the way from the Leahi home to the Queen's hospital A. B. Bolster, 78 years of age, died this morning at 7 o'clock of a complication of diseases and old age. He had been ill for 21 months at the Leahi home, and is said to have no relatives here except William D. Bolster, a nephew, who was employed with the Rapid Transit Company as a conductor.

Bolster was born in Ireland and had lived in the Hawaiian Islands for more than 50 years. Since he went to the Leahi home he has refused to speak of himself, his past or his family further than to answer the questions which every inmate of the home has to answer.

This morning the man began to sink, and the authorities at the home sent for the ambulance to have him taken to the Queen's hospital for treatment. Before the ambulance could reach the hospital, Bolster died.

## JAIL SOLDIER FOR THEFT OF LOAF OF BREAD

Charged with the fearful crime of stealing a loaf of perfectly good bread M. A. Sullivan, Co. I, 1st Infantry, spent last night in jail and this morning was taken out by the provost guard, who would not state where they were taking him or what they were to do with him. However, as a formal arrest was made and a report filed at police headquarters the case may be heard some time in the police court.

Officer Joseph Kalu was the vigilant patrolman who grabbed the desperado just as he was coming out of the Honolulu Cracker Company's bakery on King street, near Maunakea. In his report the policeman states he was convinced the soldier had not bought the bread after Sun Loy, a Chinese, so alleged and also "identified" the loaf.

Another insignificant case, for which, however, the police are not responsible, was brought up this morning when one Wisai, a Japanese, swore out a warrant charging that one Shicaro, a Filipino, stole two pairs of socks valued at \$2.50 from him. The case was continued.

## THIRTY DOLLARS AND AN APOLOGY GIVEN BY BALL

When Florence Morton appeared in the police court this morning to prosecute George D. Ball on a charge of assault, she took the witness stand just long enough to say that she did not want to prosecute Ball, because he had come to her and manfully apologized for punching her on the chin twice. She also said that he had given her \$30 to reinforce the apology. Prosecuting Attorney Chillingworth set the case aside for a time, but finally finding no grounds on which to prosecute without the woman's testimony, withdrew the charge against Ball.

Ball, instead of being a millionaire, is now said to be a traveling salesman.

## WHAT CAUSES COLDS?

This question is asked every day. A cold is really a fever, not always caused by the weather but often due to disordered blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the system better able to withstand the varying elements. This is the important reason why Scott's Emulsion should always be taken for colds, and it does more—builds strength to prevent sickness.

Scott's Emulsion contains Nature's rare strength-building fats, so skillfully blended that the blood profits from every drop. It is free from harmful drugs or alcohol. Sold at drug stores—always get the genuine.

**"A que, pues, esta sublime facultad de gusto?"**  
["Why then this glorious sense of taste?"]

My sense of taste I am not ashamed of. Nor do I try to force it into some path afar from its natural inclination. For dinner I have ever preferred the tender flesh of a young broiler to the knife-defying meat of a dead fighting cock. I have, in smoking, ever preferred the aromatic leaf of Havana to the leaf from any other land or district. I am good to my taste—and I sometimes think that in return it is more than good to me. Nowhere in life have I ever found so much enjoyment for so little money as in a Van Dyck Cigar. I say to myself, "Why then this glorious sense of taste?"—and there between my teeth I hold the answer!
